

Please fill out the bicycle registration form listed below and bring to the Bluffton Police Department to receive your uniquely numbered registration decal. This decal will help identify your bicycle in the event it is stolen.

- The bicycle registration number can be located on the bicycle frame either under the peddle crank or the frame near the handle bars.
- The bicycle registration number is very important as it is a unique set of letter and numbers that are identifiable with that particular bicycle.
- The bicycle description should describe the color, model and make (*i.e., black blue white and silver Sierra Quest - 15 speed*). You can also list any decals or stickers you have on the bicycle along with an additional equipment you have added to the bike (*i.e., saddle bags or water bottle*).

For any additional information please contact the Bluffton Police Department at 843-706-4550.

Please cut along dotted line
